Emergency Eyewash & Shower, Self-Closing Safety Gate(SCSG) and Toeboard Links(Z5)  
应急喷淋洗眼器、自闭式安全门和挡脚板

## 1. Product Descriptions 产品说明

# Toeboard Links (Z5)

## 挡脚板

The toe board completely encloses the cut part of the site, including the gap between the equipment and the grating plate or the part cut due to the need of the device process. It is applicable to protect the safety of the site staff's feet and prevent the site staff from being injured when they step into the gap reserved by the equipment on the floor, and at the same time, it also prevents the items on the floor from falling from the gap between the equipment and the grating plate to the ground on the next floor and hurting the site operators, The product is easy to install and does not require special tools or on-site welding.挡脚板完整地包围现场被切割部分,包括设备与格栅板之间的空隙或者因为装置工艺需要而切割的部分,适用于保护现场工作人员足部安全,避免现场人员的足部踏入设备于楼层预留的空隙而受伤,同时也避免楼层上面的物品从设备与格栅板之间的空隙处掉落下面一层地面上而伤害到现场操作人员,该产品安装简单,不需要特殊工具,也不需要现场焊接。

Emergency Eyewash & Shower, Self-Closing Safety Gate(SCSG) and Toeboard Links(Z5)  
应急喷淋洗眼器、自闭式安全门和挡脚板

## 2. Product Characteristics 性能特点

### 产品特点 Features

1. 完整地包围被切割部分 Completely surround the cut part
2. 可以多次重复使用 It can be reused many times
3. 比焊接保护挡板容易安装 It is easier to install than welding protective baffle
4. 包围大尺寸管道或者不规则切割面积具有很大的优势 Surrounding large pipes or irregular cutting area has great advantages
5. 尺寸统一，外观完美 Uniform size and perfect appearance
6. 模具制造 Mold manufacturing
7. 具有抗 UV 紫外线性能 It has anti-UV performance
8. 具有抗腐蚀性能 It has corrosion resistance
9. 颜色：黄色 Color: yellow

### 安装方面 Easy Installation

1. 不需要动火作业许可证 No hot work permit is required
2. 不需要安装脚手架 Scaffold installation is not required
3. 从封闭包围的第一个到最后一个连接，在几分钟之内完成 Complete the connection from the first to the last enclosed in a few minutes
4. 在 Z5 与格栅板之间使用镀锌安装配件 Use galvanized installation accessories between Z5 and grid plate
5. 拆卸与安装一样简单容易 Disassembly is as easy as installation

### 结构 Construction

1. 产品材料是 ABS，具有良好的强度和抗紫外线 UV 性能 The product material is ABS, with good strength and UV resistance
2. 具有优越的抗腐蚀性能 Excellent corrosion resistance
3. 安全黄色 Safety yellow
4. 提供安装镀锌配件 Provide and install galvanized fittings
5. 提供二种形式：Z5-J 和 Z5-L Two forms are provided: Z5-J and Z5-L

### 材料强度和耐候性 Material Strength & Weatherability

1. 卓越的室外耐候气候性 Excellent outdoor weather resistance
2. 在阳光下，产品的黄色会退化，但是不会影响强度 The yellow color of the product will deteriorate under the sun, but it will not affect the intensity
3. 产品具有抗紫外线 UV 性能 The product has UV resistance

### 优势 Benefits

1. 安全和快捷有效 Safe, fast and effective
2. 维护方便 Convenient maintenance

### 广泛应用 Widespread

1. 适用于任何现场被切割部分的保护 It is applicable to the protection of any site cut

Emergency Eyewash & Shower, Self-Closing Safety Gate(SCSG) and Toeboard Links(Z5)  
应急喷淋洗眼器、自闭式安全门和挡脚板

- |  |   |
|--|---|
| 3. 长寿命 Long life   | part  |
| 4. 提供现场各种式样的保护 Provide various types of protection on site     | 2. 设计寿命: 20 年 Design life: 20 years                           |
| 5. 比焊接方式更加方便, 更加经济 More convenient and economical than welding | 3. 圆柱型或者不规则形状的保护 Protection of cylindrical or irregular shape |

### 3.Installation Example in site 现场安装实例:

Emergency Eyewash & Shower, Self-Closing Safety Gate(SCSG) and Toeboard Links(Z5)  
应急喷淋洗眼器、自闭式安全门和挡脚板
